HANDS ON EXPERIENCE ON IoT

EXECUTIVE SUMMARY

The workshop on IoT was conducted in OP hall , Hospital block, SRM University, Ramapuram on 10th August 2017.

The Chief Guest was Dr.SwarnaRavindraBabu, IETE Chairman, Chennai. He is the founder and CEO of Coovum Smart Systems based out of Chennai. He cordially agreed to conduct the Hands on experience on IoT is his speciality.

The workshop started at 9AM and the HOD of ECE department, Mrs.G.Revathi felicitated the event by welcoming the participants and the Chief Guest and mentioned about the importance of IoT in the current generation.

Dr.SwarnaRavindraBabu first gave a small introduction about what IoT is and explained in detail with a presentation which

was projected to the participants. The session was made duplex as the participants could interrupt and clarify their doubts at any point of time. Students were enthusiastic throughout the workshop.

The importance of IoT were highlighted and was all-together, very knowledgeable. The applications of IoT was emphasised and its usage was thoroughly explained and hands on experience in Iot .

The workshop was very interactive due to the interest showcased by the students. Even after the session, students received opinions from the Chief Guest about project related to IoT.

The workshop was a grand success and was concluded at 4PM.
